

Ameraudi Asset Management, Inc.
Updated: March 2024

FORM CRS

Ameraudi Asset Management, Inc. is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: Portfolio Management Services and Selection of Other Advisers.

Account Monitoring: If you open an investment account with our firm, as part of our standard service we will monitor your investments on a regular basis.

Investment Authority: We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. We have discretion to select, retain or replace third-party managers to manage your accounts. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We also offer **non-discretionary** investment management services whereby we will provide advice, but **you will ultimately decide** which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Investment Offerings: We provide advice on various types of investments. Our services are not limited to a specific type of investment or product.

Account Minimums and Requirements: The account minimum required to establish a managed or trading portfolio is \$1,000,00, and the account minimum required to establish a custom portfolio is \$1,000,000. Under certain circumstances, the account minimums may be lowered or waived at the sole discretion of Ameraudi. Additionally, minimum account size requirements may vary for third party manager relationships.

Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

What fees will I pay?

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services.

- **Asset Based Fees** - Payable quarterly in advance. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict.

Examples of the most common fees and costs that may be applicable to our clients include:

- Custodian fees and account maintenance fees;
- Transaction charges when purchasing or selling securities; and
- Other product-level fees associated with your investments.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

Ameraudi and Interaudi share some individuals on the board of directors. A majority of Ameraudi's clients maintain accounts at Interaudi Bank and Interaudi provides administrative and other services to Ameraudi. The relationship with Interaudi is material to our business. There is a potential conflict of interest when Ameraudi recommends that clients use Interaudi Bank for banking products and services or when Interaudi Bank recommends Ameraudi's investment management services to bank clients as the fees paid for such services are retained by Ameraudi and its affiliate. In such cases, Ameraudi and Interaudi may be deemed to earn more compensation than if the client obtained banking products and services from an unaffiliated party. Our clients are under no obligation to bank with Interaudi Bank and are encouraged to consider other options to ensure that the products and services offered by Interaudi bank are comparable or equivalent to the products and services available from other banking institutions.

Key Questions to Ask Your Financial Professional

- **How might your conflicts of interest affect me, and how will you address them?**

Please refer to our Form ADV Part 2A Brochure by clicking this link <https://adviserinfo.sec.gov/firm/brochure/119854> to help you understand what conflicts exist and how we address them.

How do your financial professionals make money?

The financial professionals servicing your account(s) are compensated in the following ways: salary and bonus. Financial professionals' compensation is based on the following factors based on performance and contributions to the firm.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and our financial professionals currently do not have any legal or disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple research tool to learn more about our firm and financial professionals.
